**DENVER WEST PROMENADE METROPOLITAN DISTRICT
2022 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

Denver West Promenade Metropolitan District (District), a quasi-municipal corporation and political subdivision of the State of Colorado was organized by order and decree of the District Court of Jefferson County on May 21, 2012, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by the City of Lakewood on April 9, 2012. The District's service area is located entirely within the City of Lakewood, Jefferson County, Colorado. The District was established to provide financing for the planning, design, acquisition, construction installation, relocation and redevelopment including all powers of a Metropolitan District as described in Colorado statues and the Colorado Constitutions except for certain limitations which have been placed upon fire protection, certain construction standards and specifications of the City of Lakewood and inclusion limitations. The District is also authorized to provide operation and maintenance services.

On May 8, 2012, District voters approved authorization for property taxes to be increased up to \$7,500,000 annually and taxes be increased up to \$7,500,000 annually by the imposition of a fee or fees to pay for the operations and maintenance expenditures of the District. In addition, voters approved taxes to be increased up to \$7,500,000 annually for multiple fiscal year intergovernmental agreements and taxes to be increased up to \$7,500,000 annually for multiple fiscal year private agreements. Total debt authorization was approved in the amount of \$82,500,000, \$7,500,000 for each of the following items including street improvements, parks and recreation, water, sanitation and storm sewer, transportation, mosquito control, safety protection, fire protection, television relay and translation, security and operations and maintenance. Additionally, \$7,500,000 was approved for intergovernmental agreements, \$7,500,000 for private agreements and \$7,500,000 for refunding debt. The election provided for intergovernmental agreements and private agreements as multi-fiscal year obligations, allows the District the authority to issue, create, execute and deliver mortgages, liens and other encumbrances on District real and personal property, authorized the District to establish, maintain and operate a system to transport the pubic and allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado Constitution or any other law. However, the District's Service Plan stipulates that the total debt that the District will be permitted to issue will not exceed \$5,000,000, exclusive of cost of issuance and not including refunding of debt. In addition, for the portion of any aggregate District's debt which exceeds 50% of the District's assessed valuation, the maximum debt mill levy shall be 50 mills or less. For the portion of the District's debt which is equal to or less than 50% of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of debt shall not be subject to the maximum debt mill levy and, as a result, the mill levy may be such amount as is necessary to pay the debt service on such debt, without limitation of rate. Additionally, the maximum debt mill levy shall not apply to the District's ability to increase its mill levy as necessary for operation and maintenance services to its taxpayers.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

**DENVER WEST PROMENADE METROPOLITAN DISTRICT
2022 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied for collection is displayed on the Property Tax Summary Page of the budget.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7% of the property taxes collected.

Net Investment Income

Interest earned on the District's available funds has been estimated based on an average interest rate of 0.25%.

Expenditures

Administrative and Operations Expenditures

Administrative expenditures include the services necessary to maintain the District's administrative viability such as accounting, insurance, dues and memberships, and legal costs. These expenditures are based on estimates of the District's Board of Directors and consultants.

Debt Service

Principal and interest payments are provided based upon the debt amortization schedule from the Series 2013 and Series 2016 Bonds (discussed under Debt and Leases).

**DENVER WEST PROMENADE METROPOLITAN DISTRICT
2022 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Debt and Leases

Series 2013 Bonds

In April 2013, the District issued \$3,630,000 in Series 2013 Limited Tax (Convertible to Unlimited Tax) General Obligation Bonds. The bonds are subject to mandatory redemption beginning December 1, 2015, and on December 1 annually thereafter through 2042, with the final payment due December 1, 2042. Interest is payable semi-annually on June 1 and December 1 beginning on June 1, 2013, at interest rates of 5.125% to 5.375%.

The Bonds are secured by and payable from Pledged Revenue consisting of monies derived by the District from the following sources, net of any collection costs: (1) the Required Mill Levy; (2) the portion of the Specific Ownership tax which is collected as a result of the imposition of the Required Mill Levy or any other debt service mill levy; (3) revenues derived from any PILOT (payment in lieu of taxes); and (4) any other legally available monies which the District determines to be treated as Pledged Revenue. The bonds are also secured by amounts held by the Trustee in the Reserve Fund, which was funded with proceeds in the amount of the Reserve Requirement of \$165,828.

If the Senior Debt to Assessed Ratio is greater than 50%, the Required Mill Levy is an ad valorem mill levy imposed upon all taxable property of the District each year in an amount necessary to generate Pledged Revenue sufficient to pay the principal of, premium if any, and interest on the Bonds as the same become due and payable, and to replenish the Reserve Fund to the Reserve Requirement, but not in excess of 50 mills and, for so long as the Surplus Fund is less than the Maximum Surplus Amount, not less than 45 mills. The maximum and minimum Required Mill Levies may be increased or decreased for changes occurring in the ratio of actual value to assessed value of property within the District. Once the Senior Debt to Assessed Ratio is 50% or less, the Required Mill Levy is an ad valorem mill levy imposed upon all taxable property of the District each year in an amount necessary to generate Pledged Revenue sufficient to pay the principal of, premium if any, and interest on the Bonds as the same become due and payable, and to replenish the Reserve Fund to the Reserve Requirement without limitation of rate.

The Surplus Fund was maintained by the Trustee until December 2015, the date upon which the Senior Debt to Assessed Ratio was 50% or less, at which time the Surplus Fund was terminated and the amounts then deposited in the Surplus Fund were released to the District's General Fund for application to any lawful purpose.

The Bonds are subject to redemption prior to maturity, at the option of the District, as a whole or in integral multiples of \$1,000, in any order of maturity and in whole or partial maturities (and if in part in such order of maturities as the District shall determine and by lot within maturities), on June 1, 2023, and on any date thereafter, upon payment of par, and accrued interest thereon, without redemption premium.

**DENVER WEST PROMENADE METROPOLITAN DISTRICT
2022 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Debt and leases – (continued)

Series 2016 Bonds

In July 2016, the District issued Series 2016 Subordinate (Convertible to Senior) Limited Tax (Convertible to Unlimited Tax) General Obligation Bonds in the amount of \$1,370,000. The Bonds bear interest at the rate of 6.0% per annum and due annually on December 15 of each year, beginning December 15, 2016, and a term of 30 years. The Bonds were issued for the purpose of financing the reimbursement of construction costs of various public improvements benefiting the District, and the costs of issuing the Bonds.

The Bonds are subject to mandatory sinking fund redemption, in part, by lot, on December 15, 2043, and on each December 15 thereafter prior to the maturity of the Bonds, upon payment of par and accrued interest, without redemption premium, in the annual amounts set forth below; provided, however, that after the occurrence of the Conversion Date, the sinking fund payments set forth below shall occur on December 1 and not December 15 of the specified year:

Year of Redemption (December 15)	Redemption Amount
2043	\$305,000
2044	335,000
2045	350,000
2046	380,000

Pursuant to the Indenture, the Bonds are secured by and payable from the Pledged Revenue, net of any costs of collection, which includes: (1) all Property Tax Revenues derived from the District's imposition of the Required Mill Levy; (2) all Specific Ownership Taxes received as a result of the imposition of the Required Mill Levy; (3) all PILOT Revenues; and (4) any other legally available moneys which the District determines, in its absolute discretion, to credit to the 2016 Bond Fund. The 2016 Required Mill Levy is defined as an amount necessary to pay debt service on the Bonds but: (a) it may not exceed 50 mills less the Senior Required Mill Levy; and (b) until the 2016 Surplus Fund is fully funded, it must equal 50 mills. On and after the Conversion Date, which occurs on the first mill levy certification date on which all of the outstanding bonds to assessed ratio is 50% or less, if any, the 2016 Required Mill Levy is an amount necessary to pay debt service on the Bonds without limitation as to rate, subject only to electoral and Constitutional limits.

The Bonds are subject to redemption prior to maturity, at the option of the District, as a whole or in integral multiples of \$1,000, in any order of maturity and in whole or partial maturities (and if in part in such order of maturities as the District shall determine and by lot within maturities), on June 1, 2023, and on any date thereafter, upon payment of par, and accrued interest thereon, without redemption premium.

Developer Advances

The District has received developer advances, which are not statutory debts of the District. As of December 31, 2022, the District has estimated \$481,634 in outstanding developer advances including interest accrued at 6%. Repayment of advances is subject to annual appropriation if and when eligible funds become available. All reimbursements under the agreement shall be made in 2018 and thereafter, in accordance with an assignment received August 31, 2018. The District has budgeted additional developer advance payments in 2022.
